

Call for applications

Dr. Franz Holeczke Young Investigator Award 2024

The Dr.-Franz-Holeczke-Young Investigator Award (Holeczke-YIA) of the VMSÖ is awarded by the Austrian Society for Radiation Protection in Medicine since 1994 to young researchers and users of ionizing radiation in medicine who have distinguished themselves through outstanding scientific achievements in the field of radiation protection in medicine. The award is intended to honor work which is concerned with the optimization and reduction of dose in applications of ionizing radiation.

Eligible works are: **Accepted original research papers, Dissertations and Diploma thesis or similar final thesis submitted to gain an academic title** which have been accepted in the years 2022, 2023 and 2024.

Eligible to be nominated for the Holeczke-YIA is only the main author (for original papers, the first author), who shall not be older than 34 years until Dec-31, 2024.

The Holeczke-YIA is awarded with a 2500€ prize money. The prize will be handed over at the annual congress of the VMSÖ, where the award winner will have to present his work during the ceremony. This years ceremony will take place on Nov-9, 2024 in the Wiener Börsensäle (1010 Vienna, Wipplingerstraße 34, Austria)

To apply for the Holeczke-YIA 2024 please send:

- a cover letter
- your CV
- the work which should be considered

to office@vmsoe.at (in cc to ivo.rausch@meduniwien.ac.at) under the subject "Holeczke-YIA". All documents shall be submitted as pdf. The deadline for applications is Sep-6, 2024.

Further information can be found online at www.vmsoe.at
